GENERAL

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

The following extract, paragraph 2 of the Circular letter No. 303—12, dated Simla, the 18th July 1903, from the Under Secretary to the Government of India, Home Department, (Ecclesiastical) to Local Governments and Administrations, received with endorsement No. 3676, dated the 6th August 1903, from the First Assistant to the Hon'ble the Resident in Mysore:—

"2. I am to explain that cases have occurred in which it has been found necessary to reconstruct single stone monuments erected by soldiers to their deceased comrades owing to the inadequacy of the foundation originally provided. As the State is responsible for the maintenance and repair of all such monuments, whether single stone or otherwise, it is desirable, in order to prevent unnecessary expenditure, that the certificate prescribed in column 7 of Form A of the Rules, should be obtained for all such monuments. The responsible authorities will then have some guarantee that the monuments are erected on sufficient foundation."

No. 1803-11—G. F. 160-92, DATED BANGALORE, 14TH OCTOBER 1903.

ORDER THEREON.—Communicated to the Chief Engineer of Mysore and the Deputy Commissioners of Districts, in continuation of Government Notification No. 1802—G. F. 160 of 1892, dated 14th October 1903.

READ—

Report on the working of the Stationery Department for the year 1902-03.

No. G. 1837-76, DATED BANGALORE, 20TH OCTOBER 1903.

ORDER THEREON.—The year's work was on the whole satisfactory.

2. The value of Europe and country stationery articles purchased during the year was less by Rs. 19,820 than in the previous year, a satisfactory result which is stated to be due to the reduced rates offered by the contractors. It is believed that there will be an improvement in the quality of the stationery obtained for Government purposes, when the proposals of the Committee appointed to enquire into the subject are received and carried out. It is hoped that the Committee will expedite the submission of these proposals.

3. The Superintendent of Stationery again complains of the delay on the part of Heads of Departments in sending their indents for stationery and printed forms. It is hoped that such delays will not be allowed to occur in future.

4. With reference to para 4 of his report, the Superintendent's attention is called to the Proceedings of Government No. 1620-4—Mis. 2498, dated the 1st May 1903, passing orders on the deterioration of the quality of stationery.

5. Adverting to para 8 of his report, the Superintendent will be informed that the new forms in question were all approved by Government and that there was no need for any criticism.

READ—

Report on the working of the Special Hospitals in Mysore for the year 1902.

No. G. 1924, DATED BANGALORE, 26TH OCTOBER 1903.

REVIEW THEREON.—*Lunatic Asylum*.—The want of sufficient accommodation was apparently a great drawback, 299 patients having on one occasion to be kept in the room sufficient only for 185. Government trust that the removal of the Leper Asylum to the new place as ordered in Government Order No. 8651—J. 765, dated 5th December 1901, will effectually remove this defect.

2. There is a very large difference between 1902 and the previous year in the number of patients treated (179 and 748), but this has been explained as due to minor ailments having been left out of account in the year under review. It is desirable that a common principle should be employed, so as to render comparison between different periods possible.

3. *Leper Asylum*.—With reference to the proposal about handing over lepers to the Leper Mission, the Senior Surgeon's attention is drawn to Government Order No. 260—J. F. 156-03, dated 29th July 1903.

4. *Maternity Hospitals*.—Both the Maternity Hospitals are reported by the Senior Surgeon to be doing good and useful work; but plague seems to have lessened the number of patients considerably in Mysore; while in Bangalore, the Senior Surgeon considers that the growing popularity of the Curzon Hospital in the Civil and Military Station is likely to interfere with the increase of numbers resorting to the Mysore Government Institution. Government, however, consider that the area of operation of the latter is quite distinct from that of the former, and trust that its usefulness will not be allowed to deteriorate on account of the existence of a similar institution elsewhere.

5. The Senior Surgeon remarks that some arrangements are very necessary in Mysore for the accommodation of Brahmin in-patients. His proposals are invited for supplying such accommodation.

6. The report calls for no remarks on other matters, except that Government agree with the Senior Surgeon, that these institutions are all being worked satisfactorily.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Officiating Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

No. G. 2019-69, DATED BANGALORE, 31ST OCTOBER 1903.

ORDER.—It is desirable in every way that the matter appearing in the Kannada portion of the Gazette should be the same as in English, and that the translations should be executed with as much care as is bestowed on the English portions.

2. Government are therefore pleased to direct that, in future, while all short Orders, Notifications, etc., in English, will, as usual, continue to be translated into Kannada in the Gazette Office and published simultaneously with the English portion, all the lengthy English Proceedings, Orders, Rules, Regulations and any other matter intended for publication should be translated into Kannada in the respective Departments issuing them, and sent for publication in the Gazette along with the English copy. This rule, however, will not apply to Parts III and IV of the Gazette, in the case of which there may be an unavoidable delay in preparing translations, which, however, should in no case exceed a month.

3. The Compiler of the Gazette is requested to see that the Kannada portion is brought up to standard, and to bring to the notice of Government any instances of omission on the part of the officers to comply with the above instructions.

Secy. to Govt., Gen. & Rev. Depts.

EDUCATION

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Correspondence ending with letter No. 4443—145, dated 18th November 1902, from the Inspector General of Education in Mysore, re rules for the more efficient performance of the work of inspection of the Schools in the State.

No. G. 1831-2—ED., DATED BANGALORE, 17TH OCTOBER 1903.

ORDER THEREON.—Government have at present no intention of dividing the State into Inspection Circles. Mr. Venkatasami Naidu's appointment for inspection duty had, for its object, mainly, the affording of some relief to the Inspector General in the work of inspection. As Mr. Bhabha's Assistant, he should relieve him of a portion of the inspection work to which at present he is unable to give sufficient time and attention. Any four districts may be assigned to Mr. Venkatasami Naidu by the Inspector General at his discretion. No change in designation is called for, nor is it necessary to invest Mr. Venkatapathisangar with higher powers than those he possesses in common with other Deputy Inspectors.

2. The rules submitted by the Inspector General of Education are sanctioned with certain modifications, as set out in the Appendix.

3. As the duties of the Assistant are at present defined, it will still be necessary to keep in the office of the Inspector General the history of the services, etc., of the masters and others employed in the districts assigned to the Assistant from time to time. His establishment may therefore be reduced by one clerk, who may work in the Inspector General's office.

4. Early effect should be given to these arrangements.

H. V. NANJUNDAYYA,

Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Education in Mysore.
The Comptroller to the Government of Mysore.

LOCAL FUNDS

Proceedings of the Government of His Highness the Maharaja of Mysore,

CAMP No. 11-24—L. B. 66-03, DATED MYSORE, 7TH OCTOBER 1903.

ORDER—The attention of Deputy Commissioners of Districts, and of all other officers concerned, is drawn to the Rules issued by Government under the Local Boards Regulation, 11 of 1902, and published with Notification No. 30—Legis. 4-03, dated the 9th September 1903; and they are expected to take in due time all the preliminary steps required to give effect to the provisions thereof.

2. It will be seen from the new Rules that the French Rocks Sub-Division ceases to have a separate District Board with effect from the 1st November next, and that the new District and Taluk Boards come into existence on the same date, while 36 places which are at present Minor Municipalities will be converted into Unions with effect from the 1st July 1904.

3. The following instructions are issued for guidance in connection with the abolition of the Minor Municipalities mentioned above:—

- (1) The Mohatarfa heretofore levied on oil-mills and carts will cease to be levied by Municipal Boards in the said localities, but, on the other hand, its collection will be resumed by the Revenue Department as in non-Municipal areas.
- (2) The Octroi, if any, levied in the said Municipalities will likewise cease to be levied from and after the 1st July 1904.
- (3) All establishments entertained by the Municipalities in connection with the above taxes will be dispensed with as soon as possible after the said date.
- (4) Other establishments, if any, maintained for purposes of sanitation and conservancy, lighting and works, will continue to be kept up till the District Board concerned decides otherwise.
- (5) All contributions from the said Municipalities towards the cost of Schools and Local Fund Dispensaries will cease from the said date, the Municipal quota of Dispensary charges being however paid from District Funds.
- (6) The present Municipal Boards should as far as possible wind up their affairs by the 1st July 1904. All assets of these Boards including balances at their credit, all properties vested in them, and all their liabilities, will devolve on the said date on the District Boards concerned, who will arrange for the completion of any incomplete works already undertaken by the expiring Municipal bodies, and for the payment of loans or outstandings, if any, due by them.
- (7) For the ensuing year (1904-05) the District Boards should provide for the probable receipts and expenditure of the Minor Municipalities to be converted into Unions under Rule 4, after getting such information as may be necessary from these Municipal Boards through the Taluk Boards, in accordance with the procedure laid down in Rule 125.
- (8) The District Boards concerned will submit proposals for introducing house tax under the Local Boards Regulation into these Unions from the 1st day of July 1904 (on which date the Municipalities will cease to exist), in time for sanction being accorded before the said date.

4. With reference to Section 7 of the Regulation, the following are among the matters excepted from the control of District Boards:—

- (1) All roads and other means of communication now maintained from Provincial Funds;
- (2) Travellers' bungalows other than those of the 3rd class;
- (3) Schools (which may, however, be visited by Boards);
- (4) Works for the storage or supply of water to Municipal towns (and the Kolar Gold Fields), situated outside the limits thereof and constructed from Municipal or Provincial Funds.

The duty of Boards with regard to hospitals and dispensaries will be limited as heretofore to making contribution towards the cost of such institutions, their management vesting solely in the Medical Department.

5. *Rule 6.* The number of members for each Panchayat must be fixed with reference to, and so as to correspond as nearly as possible with, the number of members on the existing Municipal Board corresponding to it. Information on this point should accompany Deputy Commissioners' recommendations.

6. The provision in Rule 8, clause (d), that, *on this the first occasion*, the non-official representatives from Taluks on the District Board will be appointed by Government, should be noted.

7. *Rule 9 (1).* The recommendations of the respective Deputy Commissioners as to whether Vice-Presidents of District Boards may be appointed by Government or permitted to be elected, should be submitted as soon as the constitution of each District Board is complete.

8. *Rule 10 et seq.* The District Officers have been given a large measure of discretion in regard to the grouping of villages and other matters incidental to the election of Taluk Board members. Government have full confidence that the discretion will be fully and carefully exercised.

9. *Rule 37.* Each Local Board will exercise the control referred to in the opening sentence of this Rule in regard to appointments or punishments by its President or Chairman.

10. *Rules 61 to 70* are made as well under the authority of the Chief Commissioner's Notification No. 274, dated 4th November 1876 (which has the force of law), as under the Local Boards Regulation, and it should be noted that the provisions of the said Notification are made applicable, *mutatis mutandis*, to the levy of tolls by District Boards with the sanction of Government.

11. *Part V.* The Comptroller is empowered to issue from time to time such subsidiary instructions to District Boards, not inconsistent with the Rules in this Part, as he may consider necessary in matters of account. Copies of such instructions should be submitted to Government for information.

12. Except when so expressed, the Rules as to the execution of works, etc., contained in Part V, are not intended to apply to the execution of District Fund works by the Public Works Department.

13. The District Fund Budgets already sanctioned for the year 1903-04 will be provisionally adopted by the new District Boards for the remainder of the current official year except in so far as the same may be varied under proper authority.

READ—

2. Item (3)—The new provision of Rs. 1,398, which is the moiety of the total Municipal revenue payable to the Matt as contribution, is passed.

3. As this amount has been temporarily made over to the Municipality for repayment of the loan raised for the drainage scheme and has already been shown on the side of receipts in the original budget as grant-in-aid, it will also be entered on the side of expenditure in addition to the provision of Rs. 1,398 referred to in para 2 under the head "Repayment of Loan" as the loan sanctioned in Government Proceedings No. 10928-30—L. F. 32-99, dated 2nd April 1900, was ordered to be placed at the disposal of the Chief Engineer in Government Proceedings No. 1153-6—L. F. 32-99, dated 10th February 1902, for the execution of the drainage project.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Correspondence ending with letter No. 1568, dated 11th September 1903, from the Comptroller, Mysore Government, relating to the refusal by the Officer in charge of the State Huzur Treasury to receive the cover addressed to him by the District and Sessions Judge, Bangalore, and the Nazir's cash box sent along with it for safe custody in the Treasury.

No. FL. 1050-60, DATED BANGALORE, 24TH OCTOBER 1903.

ORDER THEREON.—The District and Sessions Judge, Bangalore, brought to the notice of Government that the Officer in charge of the State Huzur Treasury refused to receive a cover addressed to him and the cash box, mentioned above, and that in consequence of the refusal the money in the hands of the Nazir of the Court had to be kept in the office almirah without any guard, and requested that the matter may be duly noticed, and the Treasury Officer directed to receive the cash box in question into the Treasury.

In response to an enquiry on the subject, the Treasury Officer explained that it had not been the practice to receive cash boxes and keep them in the State Huzur Treasury, that the cover was sent late after the Treasury work had been closed and the Treasurer returned it unopened, and that if the cover had been sent to him the next day, he would have received it and replied to it.

The Comptroller, who was consulted as to the procedure to be followed in such cases, states that Circular No. 1667, dated 27th July 1886, issued by him under the authority of Government, authorises the District and Taluk Treasuries to receive for safe custody cash chests from Munsiffs, that it was not communicated to the State Huzur Treasury, and that if the procedure laid down in it is to be adopted by all the Treasuries in regard to the cash chests of all the Civil Courts, special permission of Government seems necessary.

As there is a District and also a Taluk Treasury in Bangalore, there is no need to resort to the State Huzur Treasury. The Comptroller is requested to issue, in modification of the Circular above referred to, a fresh Circular authorising all the Treasuries, except the Huzur Treasury, to receive for safe custody cash chests of all the Civil Courts in the State.

Notes submitted by the Comptroller, Mysore Government, on the consolidated budget estimates of receipts and expenditure for the year 1903-04.

No. FL. 1086-1128, DATED BANGALORE, 29TH OCTOBER 1903.

ORDER THEREON.—Government observe that in the notes read above, the Comptroller has raised certain questions which do not directly bear upon the estimates submitted, and would have been more appropriately placed before Government as independent matters instead of being brought in as side issues in connection with the budget.

2. The first complaint is that the duties and responsibilities of the Comptroller have not been clearly defined. But para 3 of Government Proceedings No. FL. 1150-1192—18-01-02, dated 7th February 1903, quoted by him, is a sufficient definition of his position in this respect. The desirability of the Comptroller "deciding on all account procedure and reporting on all matters of finance and expenditure" is clearly laid down and the rules are then prescribed. The Comptroller has, it is to be feared, mistaken the intention and misunderstood the scope of the functions laid down in these rules. According to his own statement, he has been consulted and he has advised regarding the financing of the 2nd Installation, Cauvery Water Power Scheme. The advice of the Public Works Department is said to have been accepted in preference to that of the Comptroller. If after considering his advice, Government has been compelled not to adopt it either wholly or in part, it is not a matter to which the Comptroller can reasonably take exception, though, it may be observed, the Comptroller is wrong in thinking that his advice has been set aside in this instance. Government cannot find any justification for the Comptroller refraining from proffering his advice on the budget estimates in accordance with the rules which have been very carefully laid down and admit of no doubt or ambiguity.

3. Clause 5 and the note thereunder, appearing under para 11 of the notes, deal with the question of authorizing the Comptroller to utilize the whole of the savings of his office establishment for extra temporary establishment, and for maintaining an adequate number of apprentices to deal with special work. This refers to a matter already once decided by Government, and if the Comptroller has to make a further representation, it will receive due consideration again.

4 Regarding the question about financing arrangements with Messrs. Coutts & Company, London, in connection with the 2nd Installation, Cauvery Water Power Scheme, the company in their letter dated 28th April 1903 say: "There will not be any objection on our part to the Comptroller's proposals that the surplus royalties be used monthly in part payment of any sums which we may have advanced to the Mysore Government." In Government Order No. FL. 2274-5, dated 20th June 1903, the Comptroller was distinctly informed "that the earnings of the new Installation and any surplus revenue from gold royalties, which becomes available from time to time, should be utilized monthly in part payment, with interest, of the sums advanced to Government;" and a direction was given to him as follows:—"Hence the surplus with the Bankers need not be withdrawn." In the letter of the 1st August 1903, sent to Messrs. Coutts & Company, under the Dewan's signature, it is said "you will hold the said notes as security to you for any sum by which the 'Electric Power Transmission 2nd Installation' account you are opening for the Government, may, at any time, be overdrawn." The word overdrawn would be meaningless, if monthly adjustments were not made. It does not therefore seem that there is anything to prevent Messrs. Coutts & Company from being asked to pay out of the balance belonging to the Mysore Government in their favour whenever such balances are available. The Comptroller, Mysore Government, has already been requested to make a separate reference to Government if further action or explanation be required on any points in this connection (*vide* para 5 of Government Proceedings No. FL. 483-523, dated 20th August 1903). Copy of letter to Messrs. Coutts & Company, No. 1030 of the 22nd instant, which the Acting Comptroller has already seen when consulted by the Dewan on this point, is also forwarded for information.

5. To ensure the prompt and timely disposal of the budget estimates, the Comptroller suggests the prescribing of the following rules. Government consider them suitable for the purpose and are pleased to direct that they should be adopted and observed strictly in future by all the Departments concerned :—

(1) Heads of Departments are requested to note that if their budgets be not received on or before the dates prescribed in Schedule A of the Financial Rules (No. Fl. 1150-1192—18-01-02, dated 7th February 1903), the provisions of the previous year's budget will be repeated and sanctioned by Government.

(2) Government sanction of Departmental budgets should be communicated to the Comptroller on or before 1st of May. If no such sanction be communicated before that date, the Comptroller will repeat the provision of the previous year's budget in his consolidated budget, and for any additions and modifications proposed or subsequently sanctioned, submit a separate list for the consideration of Government along with the consolidated budget.

(3) Individual sanctions of additions and modifications intended to be included in the budget should also be communicated to the Comptroller on or before the 1st May. Any sanction subsequently accorded will be entered in the separate list to be submitted to Government along with the consolidated budget, as already directed in Government Order No. Fl. 2361-402, dated 30th June 1903.

(4) To prevent delay in the Press, the forms of the budget and of the Comptroller's notes thereon should be kept standing with the type; and the Superintendent, Government Printing, should on no account break them up without the special sanction of Government obtained through the Comptroller.

Letter No. 4678—296, dated 27th January—13th February 1903, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the claim to the toddy revenue of the Jodi village of Adavi Nagenahalli, Maddagiri Taluk.

(2) Correspondence ending with Letter No. 14, dated 21st July 1903, from the Superintendent of Inam Settlements in Mysore, forwarding a copy of the Inam Register of the aforesaid village, viz., Adavi Nagenahalli.

No. 305-14—Ex. F. 11-01, DATED BANGALORE, 10TH OCTOBER 1903.

ORDER THEREON.—In this case the investigating officer (Mr. Paramasiva Iyer) has found, the Deputy Commissioner concurring with him, that the Inamdar's claim to toddy Excise revenue was recognised by the Inam Superintendent at the Inam Settlement in 1871, and that the Inamdar was in continuous enjoyment of the revenue. As pointed out by the Excise Commissioner, a perusal of the Inam Settlement Register shows that the Inam Superintendent recognised only the right of the Inamdar to lease the date trees to the toddy contractor or the right to tree rent according to the later analysis of the different items of toddy revenue. The case does not fall under Rule 20 of the Rules dated 2nd August 1901, as the documents produced in proof of enjoyment, even admitting that they are genuine, do not cover the period of 50 years prior to 1892-93. The Government therefore agree with the Excise Commissioner and disallow the claim of the Inamdar to toddy Excise revenue.

2. The Excise Commissioner is requested to submit a refund bill for the amount, if any, due to the Inamdar under Rules 4, 8 and 17 published in Government Proceedings No. 2074-83—R. F. 166-92, dated 2nd August 1901.

3. The erroneous finding of the investigating officer in this case appears to have been based on the entry in the Quit-rent Register. The case therefore illustrates the danger of relying solely on the entry in such registers and the necessity for a study of the Inam Register of enquiry. The Government desire that in all future cases a copy of the Inam Register of enquiry should be obtained by the investigating officer from the Inam Superintendent and should form part of the records submitted to Government under Rule 28.

Correspondence ending with letter No. 2197—103, dated 10th September 1903, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the toddy revenue of the Sarvamanyam Tirunalli village, Hunsur Taluk, Mysore District.

No. 330-1—Ex. F. 12-01, DATED BANGALORE, 17TH OCTOBER 1903.

ORDER THEREON.—There is no toddy shop but there is a grove in the village referred to above. Both the sannad and the Inam settlement concede the item of "Shendi" to the Inamdars. The Inamdars have also been long enjoying this revenue. Government are therefore of opinion that the Inamdars' claim to the Excise revenue from toddy has been sufficiently established subject to Rules 2, 5 and 13 of the Rules issued with Government Order No. 2074-83—R. F. 166-92, dated 2nd August 1901.

2. The investigating officer has noted that a sum of Rs. 1,260 is due to the Inamdars under Rules 2 and 5. Deducting the establishment charges at 6 per cent and the advance already made (Rs. 775-2-0), the net amount payable to the Inamdars is Rs. 409-4-5. A refund bill for the amount plus the amount awardable to the Inamdar under Rule 13 as recently modified, should be submitted to Government for sanction.

Letter No. 6205—403, dated 15th April 1903, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the Inamdars' claim to the toddy revenue of Jodi Lakmenahalli village, Chiknayakanhalli Taluk, Tumkur District.

No. 344-5—Ex. F. 11-01, DATED BANGALORE, 29TH OCTOBER 1903.

ORDER THEREON.—The village has a date grove but no toddy shop. The Inamdars have not produced the Sannad, and the Inam Settlement has reserved the Abkari revenue to Government. Uninterrupted enjoyment for the period laid down in Rule 20 has not been proved. Government, therefore, concur with the Excise Commissioner in holding that the village in question is not entitled to the Excise revenue from toddy.

2. The amount said to have been paid to the Inamdars in excess of what was due to them should be adjusted and the fact reported to Government.

THE MAHARAJA OF MYSORE.**

Appeal No. 117 of 1902-03.

**Appellant
Tammanna**

Versus

**Respondent
Muniga**

Subject.

Claim to the patta of certain lands held by one Venkataramanappa (deceased) of Mylapore, Chintamani Taluk.

Facts of the case.

On the death of the khatedar Venkataramanappa, the question of the transfer of the patta of the lands held by him was brought up during the jamabandi of the year 1901-02. The Jamabandi Officer, Mr. C. Krishna Rao, Assistant Commissioner, held that the appellant as the nearest male heir of the deceased was, according to the rules, entitled to the patta, and directed the registry of the lands in his name leaving the other contending hissedars and the respondent, claiming adoption to the deceased, to establish their right by regular suits. On appeal by the respondent, the Deputy Commissioner directed an enquiry into the truth of the alleged adoption and the genuineness of the will produced; and the Officiating Deputy Commissioner, on a perusal of the proceedings of the enquiry, held that although there were some minor discrepancies in the statements of the parties examined, the facts were enough to show that the respondent was the adopted son of the deceased, and in supercession of the Jamabandi Officer's order, directed the registry of the lands in the name of the respondent. At the hearing of the appeal before Government, it was urged, among other grounds, that the action of the Officiating Deputy Commissioner had created factions and led to some criminal prosecutions.

Decision.

Government do not think that in cases of transfer of patta, it was necessary to hold such an elaborate enquiry as that held by the Deputy Commissioner into the question of the alleged adoption and the genuineness of the will. All that was required was to ascertain who was the person best entitled to have the registry made out in his name and enter the khate in such persons name leaving the aggrieved party to have his claim established in a Civil Court. The Assistant Commissioner entered the lands in the name of appellant who was the divided cousin and had also a share in the lands. The Deputy Commissioner would have saved unnecessary litigation and criminal prosecution if he had confirmed the Assistant Commissioner's order. Government confirm this order and allow the appeal.

No. 393—P. F. 156-02, DATED BANGALORE, 3RD OCTOBER 1903.

Copy of the above is forwarded to the Deputy Commissioner, Kolar District, together with the records received with his letter No. C. 268, dated 13th August 1903.

Appeal No. 139 of 1903-03.

Appellants		Respondent
1. Bauakal Subbogaunda	<i>Versus</i>	Bhyreganda.
2. Benakanahalli Annegauda Mudgere Taluk.		

Subject.

Appeal against the order of the Deputy Commissioner, Kadur, confirming the sale for arrears of revenue, of the appellant's land Survey No. 58—2 of Bagasagodu village, Mudgere Taluk.

Facts of the case.

For an arrear of revenue of Rs. 9-8-8 due by the 1st appellant, his land Survey No. 58—2 of Bagasagodu village was forfeited to Government and was sold on 21st August 1901 in auction, and the respondent purchased it for Rs. 36. About an hour after the sale was closed, the 2nd appellant, who is the cultivator of the said land, produced the entire amount of arrears and prayed for cancellation of the sale, urging that he was prevented by rain from paying the money earlier. The respondent, who paid 25 per cent of the purchase money on the date of sale, produced the balance on the evening of the 4th September 1901, but after the Treasury was closed, and this money was credited to the Treasury on the following day.

2. The Assistant Commissioner cancelled the sale on the ground that the balance of the purchase money had not been paid within 15 days after the sale and that the arrear of revenue had been duly recovered from the cultivator of the land sold. On appeal, the Deputy Commissioner (late Mr. B. G. Krishnaiengar) set aside the Assistant Commissioner's order and confirmed the sale on the ground that the respondent had paid the balance of the purchase money on the evening of the 15th day after the sale.

3. The present appeal to Government is against this order. The Deputy Commissioner in reporting on the appeal petition observes that "though under Section 175, Land Revenue Code, the payment of the arrear should have been made before the property was *kneeked down* at the sale, there was reasonable excuse for an hour's delay on the part of the petitioner Annegauda, and the delay deserves to be condoned under the circumstances."

Decision.

Government think that the Assistant Commissioner exercised a wise discretion in cancelling the sale. The defaulter produced the arrears immediately after the sale—in fact only one hour after it was closed. In the Malnad, owing to the difficult nature of the country, it is possible that appellants were detained on the road and were not able to produce the money before the close of the sale, as alleged by them. Under the circumstances, Government have no hesitation in restoring the order of the Assistant and cancelling that of the Deputy Commissioner.

2. Appeal allowed.

Appeal No. 129 of 1902-03.

Appellant
Gaddeganda (minor) by
mother and guardian Kali
of Agile village, Hassan
Taluk.

Versus

Respondent
Honna.

Subject.

Appeal against the order of the Deputy Commissioner, Hassan District, declining to enter the appellant's name as joint pattadar of certain lands in Agile and Kabbinalhalli villages, along with his elder brother Honna, the respondent.

Facts of the Case.

One Dyava, the pattadar of the lands in question, died leaving three sons, Honna and Era by his first wife and Gaddeganda by his second wife. During the taluk jamabandi of the year 1900-01, the appellant Gaddeganda's mother Kali and the respondent Honna deposed to the effect that all the three sons were living together and requested that the patta of the lands in question be registered in the names of all the three sons. The Amildar recommended that as all the sons were living together, it would be sufficient to register the patta in the name of the eldest son, Honna, the respondent. The Deputy Commissioner on 6th April 1901, sanctioned the Amildar's recommendation and on appeal by the appellant declined to revise his order and informed the appellant that his lak to his share in the lands would not be affected by the registry remaining in the name of the eldest son. The appeal is against the above order of the Deputy Commissioner.

Decision.

Government see no reason to interfere. The patta of the deceased has been made out in the name of the eldest son. The prayer is that it should be made out in the names of all the sons. This is inadmissible. This appeal is accordingly rejected.

Appeal No. 126 of 1902-03.

Appellant.—Veerabhadrapa of Bellavi village, Tumkur Taluk.

Subject.

Appeal against the order of the Deputy Commissioner, Tumkur District, declining to grant to the appellant for cultivation purposes, gomal Survey Nos. 77, 85, 86, and 90 of Bellavi village, Tumkur Taluk.

Facts of the case.

On the darkhast of the appellant, dated 24th August 1901, for the grant of the lands in question, the Amildar reported that the lands were gomal, that the grant thereof for cultivation would cause inconvenience to the villagers and their cattle, and

that a previous darkhast for one of the said lands, viz., Survey No. 77, had been rejected on the takrar of the villagers. The Deputy Commissioner (Mr. B. G. Krishna Iyengar) thereupon rejected the appellant's darkhast on 31st December 1901. On a further application by the appellant, the Deputy Commissioner (Mr. M. S. Narayan Rao) declined to grant any of the said four numbers as, upon personal inspection, he found that the lands formed a portion of the bed of a large tank and were liable to submersion.

Decision.

This is an appeal against the order of the Deputy Commissioner refusing to assess and grant for cultivation certain gomal numbers. Government do not see reason to interfere. This, moreover, is not a case in which appeal lies to Government direct.

Appeal No. 101 of 1902-03.

Appellant
Rangappa of
Chikgangur,
Channaguri Taluk.

Versus

Respondent
Lakshnavva
of the said village.

Subject.

Appeal against the order of the Deputy Commissioner, Shimoga District, rejecting as time-barred the petitions of the appellant praying for the transfer of khate of Survey No. 1 of the said village to his name,

Facts of the case.

Pujari Chaluvaia was the khatedar of dry land Survey No. 1, measuring 2 acres and 1 gunta and assessed at Rs. 1-4-0 in Chikgangur village, and he was also the owner of a thatched hut in the said village. He died on 20th March 1898, leaving a daughter named Lakshnavva (the respondent) behind him. On the submission of varg-tabdil list for the year 1898-99, the Jamabandi Officer ordered on the 24th January 1899, that the khate of the land and the hut be transferred to the name of the said Lakshnavva, respondent, who was reported to be the sole surviving heir and in possession of the properties. The appellant presented his appeal to the Deputy Commissioner on the 9th July 1902, but it was rejected as time-barred. In the present appeal to Government, the appellant urges that he is the adopted son of an undivided brother of the deceased and performed the deceased's obsequies.

Decision.

Government do not see reason to interfere. The order registering the occupancy in the name of the daughter of the deceased registered occupant, appears to have been rightly passed. If appellant has a superior claim, the Civil Courts are open to him to have such claim established.

Appeal No. 138 of 1902-03.

Appellant
Rudraiya of

Versus

1. Hutheganda.
2. Rangegauda.

Subject.

Appeal against the order of the Deputy Commissioner, Tumkur District, confirming the sale of Government waste lands phod Nos. 80/3 and 81/2 below Turuvekere amanikere, to the 1st and the 2nd respondents respectively, in Government auction.

Facts of the case.

One Ranganna presented a darkhast on 12th December 1901, for grant of phod Nos. 80/3 and 81/2 in question, for cultivation. The appellant, who owns adjoining sub-numbers, presented petitions to the Deputy Amildar and higher officers, praying for the grant of No. 81/2 to him for an upset price. The lands applied for were, however, ordered to be sold by public auction as they were considered to be valuable and there was a darkhast for them. Three sales were held. At the last sale, held on 23rd December 1902, the lands Nos. 80/3 and 81/2 were bought for Rs. 30 and Rs. 132, respectively, by the 1st and the 2nd respondents. The appellant presented a petition to the Deputy Commissioner on 26th December 1902, protesting against the sale, but the Deputy Commissioner confirmed it on the ground, among other reasons, that the lands were valuable.

Decision.

Government see no reason to interfere. It was open to the appellant to have bid at the sale and purchased the land. This he failed to do. A discretion is given to Deputy Commissioners to grant lands of this kind to a darkhastdar without sale, and possibly if the appellant had darkhasted, he would have been given the land without a sale. The appeal is accordingly rejected.

others.

Subject.

Appeal against the order of the Deputy Commissioner, Kolar District, directing the appellant to establish in a regular suit his claim to the shanbhogi of certain akkas in the Peresandra hobli, Chikballapur Taluk.

Facts of the case.

On 6th October 1897, the appellant and Seenappa submitted a petition to the Deputy Commissioner complaining that the Chief Commissioner's Order No. 2664-2665—Fl. 272, dated 29th November 1878, directing the re-allotment of the shanbhogi charges at the time of Survey Settlement had not been given effect to.

though the Survey Settlement of the Chikballapur Taluk took place long ago (in 1884), that sirkar shanbhogs who had no hak to the office were continuing to hold the shanbhogi of Peresandra and other villages to the prejudice of the petitioners, who are sthal shanbhogs, and praying that they be restored to the hereditary hak. This petition was forwarded to the Sub-Division Officer for disposal, who on 26th October 1897, told the petitioners to get their claim, if any, established in a regular suit. The appellant thereupon complained to Government, who on 16th October 1901, forwarded the petition to the Deputy Commissioner for disposal on merits. The appellant was thereupon given an endorsement by the Deputy Commissioner in 1902, to the effect that he should bring a regular suit. The present appeal to Government is against the above order of the Deputy Commissioner. In his letter No. 4558—755, dated 30th April 1903, the Deputy Commissioner reports that it is not possible to furnish a detailed report on the facts of the case as no regular enquiry seems to have been held and no records are therefore available.

Decision.

It is not clear why this question was not agitated at the time of settlement of potgi. There are no facts for passing orders on the merits of the case. The parties will place the case before the Deputy Commissioner and get his decision upon it.

Appeal No. 140 of 1902-03.

Appellant		Respondent
Virabasappa of Kasaba Davangere.	<i>Versus</i>	Murigavva of the said village.

Subject.

Appeal against the order of the Deputy Commissioner, Chitaldrug District, directing the transfer of the khate of certain lands from the name of the deceased khatedar Mahalingappa to the name of his widow, the respondent.

Facts of the case.

Mahalingappa (the brother of the appellant and the husband of the respondent) was the khatedar of certain lands in Belur, Anekonda and other villages, Davangere Taluk. On his death in 1899-1900 the lands were brought on the nantabdil list and placed for orders at the jamabandi of March 1903. As neither party was present at the jamabandi, the Deputy Commissioner, who conducted the jamabandi, sanctioned the Amildar's recommendation that the khate of the lands should be made in the name of the respondent as she was the widow of the deceased khatedar, who left no sons. In the present appeal to Government, the appellant urges that he and the deceased were undivided, that the respondent is under the protection of the appellant and that she had submitted a petition to the Taluk to have the khate made out in the appellant's name. The Deputy Commissioner in his report states that the respondent did not appear before him at the jamabandi and that if she is still in favor of the transfer of the khate to the appellant's name, there is nothing to prevent her filing a vargrazinama in favor of the appellant.

Decision.

There are no grounds for interference in this case. It is only a question of transfer of patta. It has been rightly made out in the respondent's (the widow's) name. If she is so inclined, there is nothing to prevent her getting it transferred to the appellant's name.

Appeal No. 143 of 1902-03.

Appellant		Respondent
Muddamalleghauda,	<i>Versus</i>	Chikkegauda.
Kundihalli village,		
Goribidnur Taluk.		

Subject.

Appeal against the order of the Deputy Commissioner, Kolar District, affirming the order of the Sub-Division Officer declining to restore the appellant to the office of shanbhog gumasta of Kundihalli village, on the ground that he was convicted for a criminal offence.

Facts of the case.

The appellant (who is the respondent's cousin) performed the shanbhogi duties as gumasta of the respondent, from 1892 up to 1898, when he was convicted and sentenced to two months' rigorous imprisonment for rioting. One Sanjivaiya was thereupon selected by the respondent as his gumasta. After release from the prison, the appellant applied for restoration as gumasta, but the Sub-Division Officer rejected the petition on 31st July 1899, on the ground that it did not seem advisable to restore appellant as gumasta. On appeal the Deputy Commissioner affirmed this order. The appellant in his appeal petition to Government urges that he learnt recently that his father was the registerdar shanbhog and that he is therefore the hakdar in preference to the respondent.

Decision.

The appellant claims the shanbhogi hak in his own right as against the respondent. This question has not been brought before the lower courts and tried by them. What was before them was a complaint that the appellant, who was gumasta under respondent, was dismissed by Government on account of his being convicted in a criminal case, and that he should be restored to his gumastaship. He has taken a new ground altogether in appeal and contests the respondent's right to be hakdar shanbhog. He should bring this question before the subordinate officers and get their decision on the question of hak. The appeal is rejected accordingly.

Appeal No. 116 of 1902-03.

Appellant		Respondent
Gundur Srikantaiya of Kasaba Koratagere.	<i>Versus</i>	Lakshminaranappa.
	<i>Subject.</i>	

Appeal against the order of the Deputy Commissioner, Tumkur District, dated 23rd December 1902, declining to cancel the sale of Survey No. 82 of Hanchehalli village, Koratagere Sub-Taluk.

Facts of the case.

On the darkhast of the respondent, dated 5th February 1902, for the grant of the said Survey No. 82 (dry, extent 17 acres and 25 guntas, assessment Rs. 12), a sale was held by the shekdar on 29th July 1902 and the land was knocked down to the respondent for Rs. 9. One Gundur Sivaramiah, a hissedar in the adjoining Jodi Bandenhalli village, submitted a complaint on 5th August 1902 to the Deputy Amildar, that the land had been sold without his knowledge and prayed for a re-sale offering a higher bid. The Deputy Amildar (Mr. P. Visvanatha Rao) thereupon ordered a re-sale which was held on 24th September 1902 and in it the respondent was again the highest bidder for Rs. 21-4-0. The appellant, who is another hissedar in the said Jodi village, submitted a petition to the Deputy Amildar on 7th October 1902, urging the same grounds as his partner Sivaramiah and offering a higher bid. The Deputy Amildar (Mr. Gulam Mahomed Meccai) declined to order a third sale and confirmed the second sale held on 24th September 1902. On appeal by the appellant the Deputy Commissioner affirmed the Deputy Amildar's order on the ground that there had been no material irregularity in the conduct of the sale.

Decision.

The Deputy Amildar has rightly refused to hold a third sale. It is a question if even the second sale was quite justifiable. Sales once properly conducted should not be set aside, or rather, re-sales ordered simply on the ground that after the sale is closed, a third party offers a higher bid. This appeal is accordingly rejected.

Appeal No. 164 of 1902-03.

Appellant—Puttamada Naik of Amchavadi, Chamrajnagar Taluk.

Subject.

Appeal against the order of the Deputy Commissioner, Mysore District, dismissing the appellant from the pateli office of Amchavadi village, for misconduct in connection with a murder case in the said village.

Facts of the case.

One Mada, a native of Amchavadi, was murdered on 19th June 1901. While the case was under investigation, the Amildar reported that the offence could not be detected owing to the perverse influence of the patel (appellant) who was sus-

pected to have been at the bottom of the case. The Deputy Commissioner thereupon placed the appellant under suspension in August 1901. The appellant, it is reported, then commenced to work openly against the Police and set up the widow of the murdered man to lodge a false case against the appellant's enemies, before the Court of the Special Sub-Division Officer, Chamrajnagar. The Magistrate disbelieved the complaint and in discharging the accused, observed that the appellant seemed to be concerned in the murder, that he had concocted a false case against his enemies by setting up the widow of the murdered man, that he withheld all evidence from the Police and misled them, and that he deserved dismissal from service.

2. On the appellant's prayer for reinstatement, correspondence ensued and the Assistant Superintendent of Police recommended the appellant's removal from service for his conduct in the said murder case. The Deputy Commissioner thereupon directed the removal of the appellant from the pateli office with the remark that some near relation of his, other than his own sons, should be appointed to the pateli. The appeal to Government is against the above order of the Deputy Commissioner.

Decision.

Government see no reason to interfere. The appellant has been dismissed from the pateli on the ground that he was guilty of attempt to suppress evidence in a murder case and that he misled the Police. The appeal is accordingly rejected.

Correspondence ending with letter No. 671—64, dated 3rd August 1903, from the Deputy Commissioner, Kolar District, regarding the levy of a small fee on cattle brought for sale during the annual Jatra of the Gadidam Sri Venkataramanaswami temple at Devarayagudipalli, Bagepalli Taluk.

No. 908-9—Muz. F. 12 98, DATED BANGALORE, 28TH OCTOBER 1903.

ORDER THEREON.—The Gadidam Sri Venkataramanaswami temple at Devarayagudipalli in the Bagepalli Taluk, is a Muzrai Institution endowed with a small cash tasdik of Rs. 1-7-3 per month. The Deputy Commissioner reports that the temple commands a large number of devotees who contributed a sum of Rs. 2,000 towards an estimate amounting to Rs. 4,000 for repairing the temple. The Government allowance assigned to the temple being small, the Patels and Shanbhogs of the Taluk who are also devotees of the temple are stated to have been paying a "Kanike" of Rs. 241-8-0 annually to the institution out of their Potgi allowances. It is further reported that the temple receives substantial support by voluntary contributions (Kanikes) from the devotees and shop-keepers during the annual car festival of the temple, the receipts under this head for the past 2 years amounting to Rs. 203 and

Rs. 235 respectively. Upon the recommendation of the Taluk Amildar, the Sub-Division Officer is reported to have ordered as a temporary measure the levy of a small fee on cattle brought for sale during the car festivals in the years 1901 and 1902 with the result that Rs. 358-1-6 and Rs. 448-4-6 were collected respectively in those years. The savings of past years amounting to Rs. 1,710-11-3 are reported to have been deposited in the Taluk Savings Bank. The Deputy Commissioner recommends the levy of fees on cattle at the rate of one anna per bullock and half an anna per calf.

2. In his letter read above, the Deputy Commissioner states that the owners of lands on which the cattle fair is held during the Rathotsavam have executed written promises stating that they have no objection whatever to the cattle being picketted on their fields provided the manure collected on the occasion is given to them free, that the Patels and Shanbhogs of the Taluk have bound themselves to pay their promised contribution every year without fail, and that a sum of Rs. 850 was realized on the occasion of the Rathotsavam held in May last from all sources.

3. In these circumstances, the Government are pleased to sanction the proposed levy of fees during the annual temple Jatra according to the scale of rates proposed by the Deputy Commissioner, viz., one anna per each head of grown-up cattle and half an anna for every calf. The collections together with the contributions from the Patels and Shanbhogs and also the voluntary Kanikes offered by the devotees should be credited to the funds of the temple. The Deputy Commissioner's further

proposal to fix a scale of charges in the temple as per margin amounting to Rs. 232-7-3 per annum is also sanctioned, subject to the understanding that the expenditure of each year does not exceed the receipts of that year so that

the savings of the Institution may not be troched upon for the current charges but utilized for works of a permanent nature.

Public Works Secretary's Note dated 12th October 1903.

I herewith submit the final estimate for the First Installation, Cauvery Power Scheme, with a note by the Resident Engineer, No. 262, dated 23rd September 1903, explaining excesses, etc.

Delay in submission was due to final payments on settlement of certain points with the General Electric Company having only lately been made.

Sanction was from time to time given by you for each item involving excess over the sanctioned revised estimate; but it was not possible to state definitely what the total amount of excess would actually be until we knew from England what the final figures would be after the final settlement with the General Electric and other Companies had been effected by Captain A. C. Joly deLotbiniere, R.E.

Your sanction to this final estimate is therefore only required to formally regularize the total expenditure incurred.

Resident Engineer's Note No. 262, dated 23rd September 1903.

RE-REVISED OR FINAL ESTIMATE, CAUVERY POWER SCHEME,

(FIRST INSTALLATION).

I have the honor to re-submit herewith the final or re-revised estimate for the Cauvery Power Scheme (First Installation), after scrutiny by the Examiner, Mysore Public Works Accounts.

This estimate, which is really a statement of actual expenditure incurred upon works already completed (but upon certain heads of which, final payments and adjustments have, in accordance with contract conditions, been but recently made), amounts to £359,817 or Rs. 53,97,261.

The estimate sanctioned by Government (Proceedings No. 170 3—792-5, dated Bangalore, 10th February 1902) was for £329,601 or Rs. 49,44,011, and a comparative statement showing the difference between this and the present estimate, is given herewith:—

Heads of allocation.	Sanctioned estimate.	Present estimate (actuals).	Differences.	
			£	Rs.
English expenditure ...	181,003	191,253	10,250	1,53,755
Indian expenditure ..	148,598	168,564	19,966	2,99,490
Totals ...	329,601	359,817	30,216	4,53,245

It should be here noted that the computed cost of the compressor houses on the Kolar Gold Fields (Rs. 1,01,000), chargeable to the Mining Companies concerned, was deducted from the provision made by the sanctioned estimate, and the recovery on this account not having yet been made, the actual expenditure incurred under this head is included in the present estimate, and consequently in the excess figures shown above.

If a deduction on this account were made, it would reduce the apparent excess, from Rs. 4,53,245 to Rs. 3,52,245 or £23,483 instead of £30,216 as shown.

NOTE.—An extra provision of Rs. 1,00,000 to meet unforeseen contingencies, was also recommended by the Chief Engineer when submitting the revised estimate, but was not included in the sanction accorded by Government.

From the sum of £1,48,598 for Indian expenditure provided in the sanctioned estimate, £22,200 (the computed probable maintenance charges during the first year's working) was ordered to be debited to "Revenue." The actual expenditure under this head was £25,440 or £3,240 above the sum anticipated.

The principal items upon which excess expenditure has been incurred, with the approximate amounts, are given below :—

	Excess.
	£.
Maintenance charges	3,240
Sea freight, insurance, copper conductors and extras ...	10,250
Inland transportation and erection of plant ...	10,700
General charges by Captain Thomson ...	2,760
Total ...	26,950

Against this may be set off the savings effected upon river works, channels and buildings, etc., amounting to ... 3,500

The net excess is thus ... 23,450

which agrees with the actual figure already given above. Deducting the sum of £25,440, the amount debited to "Revenue," as well as the cost of buildings recoverable as explained, the capital cost of the whole project works out at £359,817—(25,440+6,680) or £327,697.

This as compared with the original preliminary forecast of £287,390, would apparently represent an increase of capital expenditure to the extent of £327,697—£287,390 or £40,307, an excess of 14·01 per cent.

It has however to be remembered, that 500 additional Horse Power has been provided, and taking this into consideration, the actual excess is but ·98, or say 1 per cent, as thus :—

Cost per Horse Power as originally computed...	$\frac{287,390}{4,000} = £71·84.$
Actual cost per Horse Power as installed and available at Kolar.	$\frac{327,697}{4,500} = £72·82.$

the difference being ·98 per cent, increased cost per Horse Power. Revenue has been earned during the past year's working, on about 4,185 Horse Power only, as at present the Mines are unable to take more, but additional motors are now in course of erection, and as soon as these are started, the whole 4,500 Horse Power will be supplied from the existing generating plant, and that without drawing upon the reserve unit.

In conclusion it should be stated, that Captain A. J. de Lotbiniere, R.E., has already pointed out (*vide* para 13 of his note dated 24th September 1901, which accompanied the revised estimate when submitted for sanction) that undertakings of this nature are rarely carried out in any part of the globe, within 20 per cent of the original computation of cost, while cases of excess to the extent of 40 to 50 per cent have been by no means uncommon. Under all the circumstances, and in view of the eminently successful working of the Cauvery Power Installation during the past year, together with future prospects, it is hoped that the additional expenditure that has unavoidably been incurred thereon, and to which the formal sanction of Government is now required, will be considered neither abnormal nor excessive.

- (2) Should I return to India before the expiration of two years without the express sanction of the Government of Mysore otherwise than on account of ill-health certified to by a competent medical authority, I agree to refund the cost of passage and other expenses the Mysore Government have been put to on my account.
- (3) I agree to serve the Government of His Highness the Maharaja of Mysore for a period of at least five years after my return from such training in England, and in default, to refund to Government all the expenses incurred by them on my account, including my allowances.
- (4) I understand that my promotion in the Public Works Department will not be affected owing to my absence in England. Also (a) that the time I spend there will count towards pension and (b) that while in England I shall receive my salary at the rate of 1s-6d the rupee.
